

DAIRYMEN SPECIALTY CO., INC.

August, 2008

The Business That Service Built!

DAIRYMEN

The Dynamic Duo With Super Powerful Savings!

Right now, at Dairymen Specialty, you can get more technology for less money than ever before with top DeLaval equipment!

 DeLaval

SPECIAL: MILK POINT CONTROLLER AND MILK METER PROMOTION.

Save up to \$400!

Upgrade your existing MPC1 and MM15 to the **MPCII** and **MM25W** and **save up to \$400!** It's perfect timing on two essentials! If you're planning for the ISO ID, the MPCII will be required...so save now when you also purchase the MM25W, the milk meter that uses optic technology to correctly monitor day-to-day milk yields and overall milk production. The easy-to-read data can be easily transferred to the ALPRO[®] herd management system! With no moving parts, the risk for breakdowns is minimized...and there's almost no maintenance required!

Get more from your equipment and save Up to \$400 with DeLaval at Dairymen Specialty!

Hurry! This special promotion expires September 30, 2008! See Dairymen Specialty for details!
