## GATORSHIELD®

Galvanized Steel Tubing

**Sturdy Built's** tough  
GATORSHIELD® galvanizing  
protects steel from the inside out.

Sturdy Built Calf Gates stand up to  
the environment like no other!

At Dairymen Specialty, you'll find tough, strong  
Sturdy Built GATORSHIELD® products like:

- Free Stalls
- Rotary Flush Waterers
- Headlocks
- Calf Gates

Sturdy Built products are made with GATORSHIELD® galvanized steel tubing, featuring Interior Corrosion Resistant Coating, Hot-Dipped Zinc Galvanizing, Conversion Coating and Clear Organic Coating. Sturdy Built combines Allied's high tensile tubing with GATORSHIELD® protection. Welds on gates and locks are protected with Z.R.C. Galvilit®\*, a liquid compound containing 95% Zinc dust by weight, providing maximum protection against rust and rust creepage through Galvanic Action. If the Z.R.C. is scratched to bare metal, the zinc will form an insoluble zinc salt on the exposed area. This heals the break and continues to protect the surface against corrosion.
